

Heavy Polishing machines for Industry - KEF POD 5

Item Number: 1551841

KEF POD 5 POLISHING MACHINE- designed for heavy-duty work!

With its solid construction and powerful motor, the POD 5 Polisher from KEF is the perfect polishing machine for those who are looking for a powerful polisher that is capable of handling typical tasks and at the same time helps maintain a healthy working environment by emitting low levels of mechanical and electrical noise.

The spindle shafts are precisely placed in well-shielded dustproof ball bearings. KEF POD 5 comes complete with two polishing guards and is set up for connection to an exhaust system that is available for purchase as extra equipment.

POWERFUL MOTOR!

The motor in the polishing machine is wound at our own factory in the town of Brovst, North Jutland, which is why we guarantee a quality motor that can operate continuously without needing downtime for cooling. The motor is encapsulated in a strong cast-iron structure that protects it against external impacts. If the polishing machine is used in accordance with the enclosed instructions, we vouch for a machine that will have a very long service life. Therefore, we offer a 5-year warranty on the motor.

BUILT FROM EXPERIENCE

KEF has been manufacturing polishing machines for more than 100 years and is famous for its reliability, power, and quality materials. All polishing machines supplied by KEF live up to all safety requirements in accordance with the CE marking and thus are equipped with separate emergency stop devices.

KEF POD 5 GIVES YOU
