

## Drill grinding machines - KEF Slibette 6NE

Item Number: 1551470

All SLIBETTE drill sharpening machines can be offered with motor brake and separate emergency stop against a small extra charge.

Further the left hand side can be offered with either the standard grinding wheel, wire brush, grinding belt or a polishing mop.

Standard is a bench type - but it can also be offered on a floor pedestal with working table and water cup on our EX-16 floor pedestal with powerful built-in dust extraction and funnel for max. extraction on the operation side.
